Chatbot guide - Rediger konto

- 1 Login på dit chatbot dashboard <https://chatbot.webcenter.dk>

- 2 Tryk på pilen øverst højre hjørne og vælg "Account"

3

Du kan herefter foretage forskellige ændringer til din konto. Har du brug for at ændre dit kodeord, kan du gøre dette på login side og trykke på "Reset password"

The screenshot displays a web application's 'Account' page. At the top, there's a navigation bar with a 'T' logo on the left and a 'T' icon on the right. Below the navigation bar, the 'Account' section is active, with 'Profile' and 'Templates' tabs. The 'Profile' tab is selected, showing a user profile card on the left and an 'UPDATE PROFILE' form on the right. The profile card includes a circular avatar with the letter 'T', the username 'tester', and the email 'nabols1991@hotmail.com'. The 'UPDATE PROFILE' form contains fields for 'Name' (filled with 'tester'), 'Timezone' (a dropdown menu showing '(UTC+01:00) Brussels, Copenhagen, Madrid, Paris'), and 'Languages' (a dropdown menu showing 'English'). Below these fields are 'Inbox Notifications' settings with two checkboxes: 'Blink the browser tab when there are new messages' and 'Play sound when your tab blinks'. At the bottom of the form is an 'API Token' section with a text input field, a 'Generate Token' button, and an 'Update' button. The page is decorated with a blue circular icon in the bottom left and an orange circular icon in the top right.
