SoMe Management Guide - Integrationer

Du kan integrere dit dashboard med forskellige platforme. Bl.a. din email marketing udbyder. Se her hvordan.

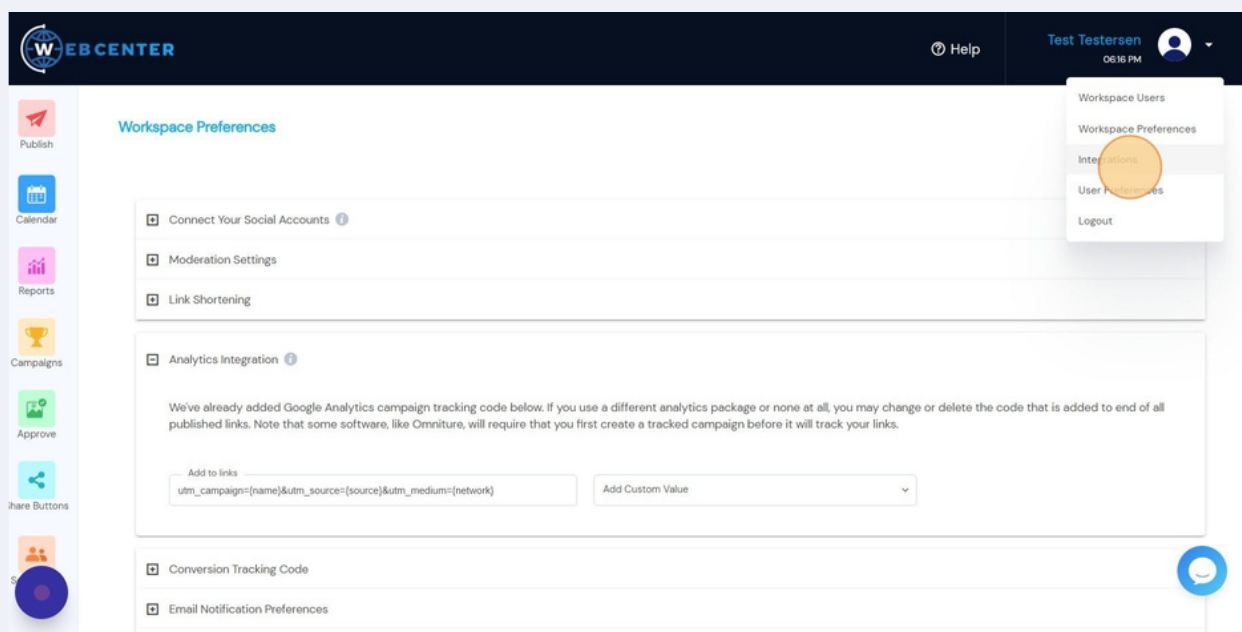

1

Gå til:

https://management.webcenter.dk/accounts/account_preferences.php

2

Tryk på pilen øverst i højre hjørne og vælg "Integrations"

3 Vælg herefter hvilken integration du ønsker og forbind denne.

The screenshot shows the 'WEB CENTER' interface. The top navigation bar is dark blue with the 'WEB CENTER' logo on the left, a 'Help' icon in the center, and a user profile 'Test Testersen' with a dropdown arrow on the right. The left sidebar contains several icons: a red arrow for 'Publish', a calendar for 'Calendar', a bar chart for 'Reports', a trophy for 'Campaigns', a green checkmark for 'Approve', a share icon for 'Share Buttons', and a group of people for 'Social'. The main content area is titled 'Integrations' in blue. It lists four integration options, each with a blue button: 'HTML Form Integration' (with an info icon), 'Zapier Integration' (with a note that it's added at the campaign level), 'MailChimp Integration', 'Salesforce Integration', and 'Keep (Infusionsoft) Integration'. A small blue gear icon is visible in the bottom right corner of the main content area.
